

Travertine mosaic “Muretto Tuscany Mix” Pebble

Ciottolo is a antiqued, natural stone mosaic made out of a **blend of strips** of travertine in various lengths with a width of 15 mm.

The strips are first **tumbled** to give them the “Ciottolo” finish and then assembled on a special mesh in order to make the sheets fit together and facilitate installation.

The warm colours and **antique finish** make this mosaic particularly suited for walls in the bathroom, shower, kitchen, and much more. Free your imagination on how and where to apply them or contact us for some tips.
