

Vein-cut travertine “Elm Stone”

Elm Stone travertine comes from **material cut along the grain**, in which the typical intense structure of Rapolano Stone is very visible. This travertine has **marked veining ranging from grey to brown** against a beige background.

- Easy to clean
- It exhibits various color variations and veining as shown in the photos

Consult the technical information to see the various possible combinations of formats and surface finishes that are available.
